WWW.TITAN-SOLUTIONS.COM

Titan has been in Terminal Equipment business for more than 20 years and has a full range of products to meet terminal and communication needs. Titan Industries offers a wide variety of chemical additive injection equipment including:

- Full line of Chemical Additive Injectors
- Tote Tank Assemblies
- Standard & Custom Fabricated Tanks
- Oval Gear Meters & Turbine Flowmeters
- Dye Injection Systems
- Pump Skid Assemblies
- Full line of Pumps and Motors
- Custom Fabrication

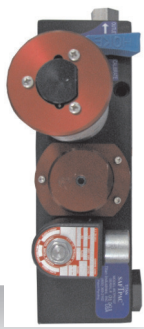

Titan Industries fabricates all products at the corporate facility; therefore, customers are always given the best cost savings and quality. This also allows custom designs to be made to fit the customer's specific needs and applications.
